WLRN HIGHLIGHTS

NATURE: Raccoon Nation

Are human beings, in an effort to outwit raccoons, actually making them smarter and unknowingly, contributing to their evolutionary success? In this film, scientists from around the world share their thoughts and work to explore this scientific theory. Attempting to do something that has never been done before, they closely follow a family of urban raccoons as they navigate the complex world of a big city. **Airing on Channel 17: Monday, February 27th, at 8 pm.**

CELEBRATING BLACK HISTORY MONTH: MLK

WLRN celebrates Black History Month with our documentary *Dr. Martin Luther King, Jr.: Footprints Through Florida*. The civil rights leader successfully inspired a nation through his powerful speeches, non-violent protests and his world-renowned March on Washington, which led to the Nobel Peace Prize. His message was simple; it was one of love and compassion for all people. **Airing on Channel 17: Tuesday, February 28th, at 10:30 pm.**

WLRN-MIAMI HERALD NEWS SESSION 2012

The 2012 legislative session in Tallahassee will be historic. WLRN is there. WLRN-Miami Herald News has expanded its partnership with the Miami Herald-Tampa Bay Times Tallahassee bureau and sister station WUSF in Tampa to cover Session 2012. Our news team is producing in-depth coverage throughout the 60-day Florida Legislative Session. Those stories will be shared statewide with Florida's other public radio news stations through the Florida News Exchange sharing service.
